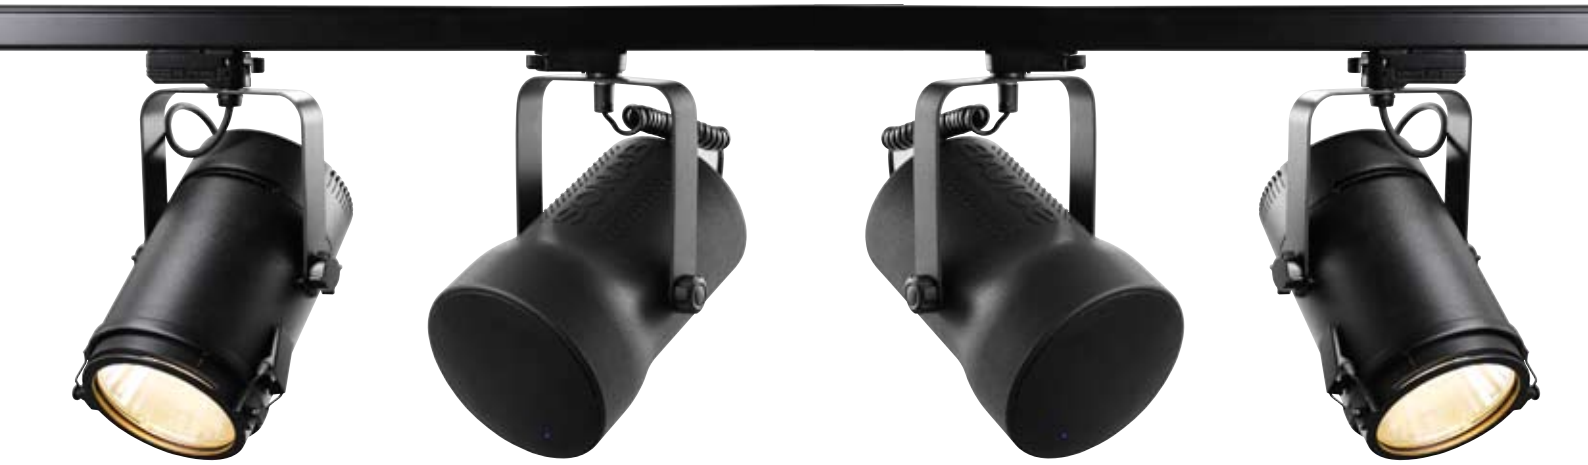
Where there is light,
let there be sound
SONAB
Sound & Society

Guts & Glory

Extraordinarily innovative. Amazingly easy. Exceptional sound quality. No cables. At a minimum of cost & effort.

Get the full musicality and flexibility to maximize your customers instore experience. Music effects spending behavior as much as 17% increase with the right sound and the right music.



Blend in & Stand out

Get on track with System 9

Just snap the speakers where you need them, they discretely blends into the lights with the unique design. Camouflaged sound with lasting impact.

Versatile & Flexible

Play from any audio source, anywhere you want it.
Media player/Mac/PC/TV/iPhone/iPad/NAS/CD-player/MP3 player/Turtable/Airport Express/Sat box receiver/Smart phone

As easy as it can be.
Premium sound with minimum installation.
Just connect the transmitter to a sound source, make a few settings, and place the speakers. Where a traditional sound system takes 2 days to install, a typical System 9 installation takes 2 hours. No tricky software, no loudspeaker cables or separate amplifiers. It's that easy.

Plug & Play

Levels & Zones

Power where you want it
