

Reduce false positives and minimize fraud, waste and abuse costs using predictive analytics and cross-payer, multi-regional data

## Emdeon EDGE™ Fraud, Waste and Abuse Protection Suite

### The Challenge

What if you could protect yourself from what you don't know, with more speed and insight than ever before? Identifying claim aberrancies and potentially fraudulent, wasteful or abusive claims is time-consuming and exhaustive. Yet, your company can't afford another minute of unnecessary profit leakage. With Emdeon EDGE™ Fraud, Waste and Abuse Protection Suite, we put robust technology to work to detect areas of concern so you'll never spend another minute worrying.

### The Solution

How well are you protected?

Emdeon EDGE™ Fraud, Waste and Abuse Protection Suite helps you remove unnecessary costs by identifying claim aberrancies and catching potentially fraudulent, wasteful or abusive claims early in the claim lifecycle, including pre-payment. With powerful, data-driven predictive analytics (both algorithm and statistical based models), proprietary fraud rules and robust clinical code edit engines, Emdeon can help payers reduce the amount of false positives, minimize costs and improve detection capabilities, resulting in less profit leakage.

### A tailor-made solution

The Emdeon EDGE Fraud, Waste and Abuse Protection Suite uses Software-as-a-Service (SaaS) technology, which allows for flexibility, little to no maintenance and easy integration with your existing claims systems. We'll work with you to customize a solution that works with your workflow and payment policies.

### Put our expertise to work for you

Our unique combination of expertise, sophisticated technology and a full-service approach helps you gain peace of mind that your claims data is not compromised. And, you can stay focused on managing your business, not the impact of potential fraud, waste and abuse.

### Optimize your savings

With the combination of our expertise and sophisticated technology, you'll quickly see how Emdeon EDGE can impact the numbers. By proactively uncovering improper claims prior to payment, you can optimize savings opportunities, and save time and money by eliminating expensive software implementation and maintenance. What's more, we'll put your solution to work quickly and seamlessly, and tailored to your company's needs, so you can be sure to see improvements – fast.

### Emdeon Payment Integrity Solutions

Get the payment integrity your business needs – how you want it, when you want it – with Emdeon EDGE. Reduce improper payments and minimize profit loss caused by healthcare overpayments with an integrated, multi-layered approach that offers both prospective and retrospective claims review as well as in and out-of-network claims management. Emdeon uses multiple validation methods – including fraud detection, prevention and investigation, payment error prevention, integrated repricing and audit and recovery services – designed to save time, money and resources with minimal workflow disruption and resource drain. Our expert investigators and data analysts continuously analyze data and scrutinize patterns, combining built-in rules and advanced analytics with information and models that are constantly updated to recognize and fight overpayments before they impact your bottom line.

Emdeon is a leading provider of revenue and payment cycle management and clinical information exchange solutions, connecting payers, providers and patients in the U.S. healthcare system. To learn more, visit our website at [www.emdeon.com](http://www.emdeon.com).
