

**RONALD MCDONALD
HOUSE CHARITIES®**

*Celebrating 38 years of helping
to improve the health and well being of
children and families around the world*

Ronald McDonald House Charities® (RMHC®), a non-profit, 501 (c) (3) corporation, creates, finds and supports programs that directly improve the health and well being of children. Through its global network of local Chapters in 57 countries and regions, its three core programs, the Ronald McDonald House®, Ronald McDonald Family Room® and Ronald McDonald Care Mobile®, and millions of dollars in grants to support children's programs worldwide, RMHC provides stability and resources to families so they can get and keep their children healthy and happy. All RMHC-supported programs provide a bridge to quality health care and give children and families the time they need together to heal faster and cope better.

Volunteer Support

RMHC relies heavily on its strong network of corporate donors, community leaders, individual donors and more than 30,000 staff and volunteers around the world to fulfill its mission. Each year, these volunteers donate millions of hours to support families in need and save the Charity an estimated \$40 million in operational and administrative costs.

Ronald McDonald House®

Provides a “home-away-from-home” for millions of families so they can stay close by their hospitalized child. The Ronald McDonald House offers a place to call home at little or no cost so families can afford the best care, regardless of location. The program allows families to stay together, helping their children heal faster and cope better. There are 317 Ronald McDonald Houses serving families in 31 countries and regions worldwide.

Ronald McDonald Family Room®

Provides a place for families to rest and regroup right at the hospital, close to their sick child. By having family presence in the hospital, children heal faster and cope better. The Ronald McDonald Family Rooms provide comfort to more than 3,500 families each day. Today, there are 165 Ronald McDonald Family Rooms in 21 countries and regions.

Ronald McDonald Care Mobile®

Clinics on wheels that offer affordable health care for children, right in their own neighborhood. These state-of-the-art vehicles provide a range of services tailored to the needs of each community. Services range from treatment, prevention, screenings and referrals, and can include medical, dental, vision, immunization, and health education and nutritional care. Currently, there are 46 Ronald McDonald Care Mobiles in 9 countries, bringing healthcare services to areas where it is needed most.
