QUALITY

What We Do

The Brown Mackie College system of schools (“Brown Mackie College”) offers bachelor’s degree, associate degree, certificate and diploma programs in health sciences, business, information technology, legal studies and design technologies. The Brown Mackie College schools established a unique “one course a month” scheduling format that allows students to focus on one subject for one month, then move on to the next.

Courses are offered during days and evenings. Our class sizes are smaller to enable individualized attention. Ultimately, students are empowered to devote their energies to pursuing an entry-level position in their chosen fields or to enhance their current professions.

COMMUNITY

How Our Students are Making a Difference

At the Brown Mackie College schools, learning is not limited by the boundaries of the classroom. Students are engaged in the communities in which they live and attend school. They volunteer their talents to organizations large and small, demonstrating a commitment to service from Brown Mackie College students, faculty, staff, and graduates.

GROWTH

Who We Educate

With a collective enrollment of 19,900 students as of October 2011, the Brown Mackie College schools continue to experience strong growth, both geographically and in enrollment, as more students seek to sharpen their skills in an increasingly competitive market.

To expand its reach to more students than ever before and honor the service of our nation’s veterans, the Brown Mackie College schools are actively working with the U.S. Department of Veterans Affairs in the “Yellow Ribbon” reduced tuition program, part of the post-9/11 G.I. Bill.
