

**OREGON STUDENTS WIN 2012-13 SIEMENS AWARDS FOR ADVANCED PLACEMENT**  
**Siemens Foundation Recognizes Kushal Agarwal of Corvallis and**  
**Maria Janczak of Hillsboro for STEM Achievement**

ISELIN, NJ, February 6, 2013— Kushal Agarwal, a senior at Crescent Valley High School in Corvallis, and Maria Janczak, a senior at Glencoe High School in Hillsboro, today were named the Oregon state winners of the 2012-13 Siemens Awards for Advanced Placement, a signature program of the Siemens Foundation administered by the College Board. The awards recognize the nation's top achievers in Advanced Placement Program® (AP®) courses in science, technology, engineering and mathematics (STEM) with a \$2,000 college scholarship to one male and one female student in each state. Two national winners (one male and one female) are also recognized, each receiving a \$5,000 scholarship. This year, 101 high school students in all 50 states – including 93 seniors and 8 juniors – were honored.

“We commend this year’s Siemens Awards for Advanced Placement winners on their hard work and dedication to STEM subjects, and we thank the teachers, parents and schools who supported their scholarship,” said Jeniffer Harper-Taylor, president of the Siemens Foundation.

“We are proud to join our partners at the Siemens Foundation in recognizing these exceptional students. Today’s award-winners have the foundation to achieve great success in some of today’s most exciting, innovative careers,” said David Coleman, president of the College Board.

**KUSHAL AGARWAL**

**Total AP Courses Taken to Date (all disciplines including STEM): 8**

**Favorite AP Class:** Calculus

**Advice to other AP students:** Be sure to understand the concept rather than just the procedures.

**Proudest Accomplishments:** 2012 USA Math Olympiad Qualifier, USA Computing Olympiad Gold Level, and Ross Mathematics Program Participant;

2011 Summer Science Program Participant

**Plans for College Study:** Computer Science and Mathematics

**Anticipated Career:** Computer science research

**Favorite nonacademic pursuits:** Engineering manager for FIRST Robotics team

**MARIA JANCZAK**

**Total AP Courses Taken to Date (all disciplines including STEM): 8**

**Favorite AP Class:** Physics C

**Advice to other AP students:** Work hard in your regular classes before you even start taking AP courses. Regular classes can provide a solid base and help develop a good work ethic for AP.

**Proudest Accomplishments:** Recognition from American Association of University Women (AAUW) for performance in STEM disciplines; participating in state level swimming competition

**Plans for College Study:** Physics with possible minor in Mathematics or Computer Science

**Anticipated Career:** Physicist

**Favorite nonacademic pursuits:** Science Bowl, swim team, and peer tutoring student in AP Calculus BC

### **The Siemens Awards for Advanced Placement**

Established in 1998, the Siemens Awards for Advanced Placement ([http://www.siemens-foundation.org/en/advanced\\_placement.htm](http://www.siemens-foundation.org/en/advanced_placement.htm)) awards \$2,000 college scholarships to students from each of the 50 states who have earned the greatest number of scores of 5 on exams in the following AP® courses: Biology, Calculus BC, Chemistry, Computer Science A, Environmental Science, Statistics, Physics C Mechanics and Physics C Electricity and Magnetism. Each state potentially has two winners, one male and one female.

### **The Siemens Foundation**

The Siemens Foundation provides more than \$7 million annually in support of educational initiatives in the areas of science, technology, engineering and mathematics (STEM) in the United States. Its signature programs include the Siemens Competition in Math, Science & Technology, Siemens Awards for Advanced Placement, and The Siemens We Can Change the World Challenge, which encourages K-12 students to develop innovative green solutions for environmental issues. By supporting outstanding students today, and recognizing the teachers and schools that inspire their excellence, the Foundation helps nurture tomorrow's scientists and engineers. The Foundation's mission is based on the culture of innovation, research and educational support that is the hallmark of Siemens' U.S. companies and its parent company, Siemens AG. For more information, visit [www.siemens-foundation.org](http://www.siemens-foundation.org). Follow the Siemens Foundation on Twitter [@SFoundation](https://twitter.com/SFoundation) and Facebook at [SiemensFoundation](https://www.facebook.com/SiemensFoundation).

### **The College Board**

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of more than 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT® and the Advanced Placement Program®. The organization also serves the education community through research and advocacy on behalf of students, educators and schools. For further information, visit [www.collegeboard.org](http://www.collegeboard.org).
