

Think it's head lice?
Talk to your healthcare
provider (HCP).

Fewer than **1** in **5**

moms turned first to an HCP for treatment advice the last time they had a head lice infestation in their household. However, HCPs are able to definitively diagnose head lice and provide important information on treatment options.

Nearly **9** out of **10**

moms who sought treatment advice from an HCP found it very helpful or helpful.

Source: Online survey conducted by Harris Poll on behalf of Sanofi Pasteur from August 28 to September 11, 2013 among 2,002 moms age 25+
