

THE WHITE DOE

Her name is whispered through the mists in the forest. A lover's curse obscures her fate. Vainly, men seek her footprints. But The White Doe eludes capture. Where will she lead us? Look it up....

THE WINE

To pay tribute to the legend of The White Doe, we created an alluring white wine with a delicate, ethereal spirit. Envisioned as a blend of Chenin Blanc and Viognier, this wine is light and refreshing, beckoning you to have a second glass. Chenin Blanc provides a core of fruit and bright natural acidity to create a crisp, clean finish. A portion of this varietal was grown in Clarksburg, an area renowned for nurturing California's best Chenin Blanc, where warm daytime temperatures give way to evenings chilled by the cool Delta breezes. Our Viognier adds silky weight to the palate along with classic white peach flavors and a beautifully lifted perfume. As we looked at white blends, this Chenin Blanc-Viognier combination stood out as bestowing both elegance and purity.

VINTAGE NOTES

2013 was an excellent vintage across California, making it the ideal year for the debut of The White Doe. There was very little rain that year and temperatures never got excessively warm for any period of time. Plus, we got extra hangtime out of the season, harvesting a week and a half later than usual. These conditions allowed the fruit to ripen steadily and develop concentrated, aromatic flavors and excellent body.

TASTING NOTES

Chenin Blanc and Viognier together create a harmonious marriage of flavors and textures, with Chenin delivering juicy flavors of white grapes, honeydew melon and bright, fresh citrus character, then layered upon Viognier's classic white peach flavors, exquisite floral notes and its nuance of tropical fruit. There is silkiness and weight on the palate from the Viognier, but the finish is light and crisp from this beautiful selection of Chenin Blanc. Fermenting and finishing in stainless steel allowed the purity of the fruit to shine through.

Appellation
California

Blend
80% Chenin Blanc,
20% Viognier

Alcohol
12.6%

Aging
Stainless steel only
