

## **About Adlens®**

Co-founded in 2005 in Oxford, England by businessman and philanthropist James Chen, Adlens is the global leader in adjustable focus eyewear. Its highly skilled team of engineers, eyecare professionals and designers has developed a completely new category of vision correction. Adlens is a commercial business with a social soul. Vision for a Nation® is the innovative foundation partnered with Adlens that runs a charitable program, aiming to provide universal access to eyewear one nation at a time, starting in Rwanda.
