Art and culture from around the world ★★★★★

by Zazz56 – May 5, 2015

Seeing all the life, color, and scenery from around the world through this one app is pretty breathtaking. Also a great creative outlet since anyone can join in with personal art submissions - it's earned a place in my Favorites!

Really cool App ★★★★★

by DrWypeout – May 4, 2015

One of the most interesting apps I've seen. There's a new post each day, with the themes ranging from scientific discoveries in space to collections of beautiful books. The variety keeps it interesting, and the app itself is very slick.
