

The Container Store®

The Original Storage and Organization Store®

ONE-STOP-SHOP STORAGE.

On-site storage, off-site storage and transportation logistics are all included in the PODS® for Business solution.

THE COMPANY

The Container Store is the original storage and organization store featuring solutions to help save space and time in every area of the home, including the kitchen, bathroom, bedroom, closet, office and garage.

THE CHALLENGE

Every few months, The Container Store removes the fixtures in the center of its stores to make room for new, oftentimes seasonal, campaign fixtures. Due to the lack of on-site storage, The Container Store needed a solution—where and how to store campaign fixtures during brief periods of displacement.

Prior to PODS for Business, The Container Store used its own shipping and storage methods. Seasonal campaign fixtures were shipped back and forth from its 76 stores nationwide to its distribution center in Coppell, Texas—a costly, time-consuming and logistically complicated process.

THE PODS SOLUTION

PODS for Business provided a turnkey solution enabling The Container Store to more efficiently store and manage fixtures during seasonal campaigns.

- Scheduling the delivery and pick-up of a PODS container via a PODZILLA® lift system was as easy as making a phone call.
- Containers were dropped off directly to parking lots at The Container Store's locations nationwide making it easy for store employees to load and unload the fixtures at their own pace and as schedules allowed.
- Fixtures were stored securely on-site in a lightweight PODS container.

RESULTS

The PODS for Business solution increased store efficiency, created additional merchandise availability and streamlined operations. During the first campaign where a PODS for Business storage solution was used, The Container Store experienced significant savings on transportation and storage costs.

By cutting costs, saving time and maximizing productivity, it was an easy decision for The Container Store to switch from using its own methods of transportation and storage to employing the PODS for Business solution. Essentially, PODS for Business was a one-stop-shop for all of The Container Store's fixture storage needs.

FLEXIBILITY THAT WORKS FOR YOUR STORE

PODS delivers container(s) wherever your store or location happens to be. You then have the option of:

On-Site Storage

Keeping the container on site until you're ready to have it picked up.

Off-Site Storage

Store your container at a nearby PODS Storage Center until you need it.

Moving Across Town or Country

With locations throughout North America, PODS can move your container almost anywhere it needs it to go.

SECURITY & PROTECTION

Protect Your Investment

PODS containers are weather resistant and have been tested to withstand winds up to 110 miles per hour.

Three Sizes

7', 12' and 16' containers. (7'×7'×8', 12'×8'×8', 16'×8'×8')

PODZILLA

Delivery trucks come equipped with our patented lift system PODZILLA—designed to minimize shifting as the container is loaded and unloaded.
