

## **ADRIAN** *Trainer, Professional Lumberjack*

Adrian has been involved with timbersports ever since he started graduate school at Colorado State University in 2006. Since then, he has been traveling across the country to 10-12 contests a year, including the STIHL® TIMBERSPORTS® Series. Competing in timbersports eight months out of the year, he usually cuts between 1,000 and 1,500 logs per season in preparation for woodchopping contests.

- After a fairly limited career in football and baseball, timbersports seemed like a good fit. When I am not chopping logs or looking for logs to chop, I teach high school physics in Colorado.
- I grew up in southern Wisconsin, oldest son of two beardless parents. My father enjoyed the outdoors and took us to the Northwoods to hunt and fish, so we were almost always outside.
- Other than woodchopping, I typically spend my time walking my hound dog or studying Olympic weightlifting, and I take great pleasure in growing beards and being outside.
