EXTREME DAMAGE REPAIR

# GLISS™ Ultimate Repair™

## SHAMPOO & CONDITIONER

### WHAT HEAVILY DAMAGED HAIR NEEDS

Heavily damaged hair loses Keratin resulting in a severely weakened hair structure. It requires extreme repair to recover.

### GLISS™ ULTIMATE REPAIR™

1. Improved shine and up to 90% stronger hair\*\*
2. Deep reconstruction
3. Improved combability

\*\*with Shampoo and Conditioner

### THE HAIR REPAIR™ SOLUTION WITH 3X LIQUID KERATIN\*

This high-performance formula with 3X LIQUID KERATIN\* precisely repairs damaged hair and replaces lost Keratin leaving your hair restored and combable.

\*Compared to other GLISS™ hair repair lines

### DIRECTIONS:

1. Shampoo hair using **GLISS™ Ultimate Repair™** Shampoo.
2. Gently squeeze excess water from your hair starting at the top of your head and working through to the ends.

**Schwarzkopf Stylist Tip:** Your hair behaves like a sponge, if you squeeze the excess water from your hair prior to applying conditioner, your hair will better absorb the nutrients from the conditioner.

3. Depending on the length of the hair, use a dime to quarter size amount of conditioner in the palm of your hand.
4. Gently massage onto the scalp working it through to the ends.
5. For best results, comb through the hair for even saturation. This will improve the conditioning effect and detangling.
6. Rinse hair thoroughly until all conditioner is removed.

### WHAT HEAVILY DAMAGED HAIR NEEDS

Heavily damaged hair loses Keratin resulting in a severely weakened hair structure. It requires extreme repair to recover.

### GLISS™ ULTIMATE REPAIR™

1. Up to 95% stronger hair\*\*
2. Deep reconstruction
3. Instantly combable hair

\*\*vs untreated

### THE HAIR REPAIR SOLUTION WITH 3X LIQUID KERATIN\*

This high-performance formula with 3X LIQUID KERATIN\* precisely repairs damaged hair and replaces lost Keratin leaving your hair restored – for instant and effortless combability.

\*Compared to other GLISS™ hair repair lines

### DIRECTIONS:

1. Shampoo and condition hair using **GLISS™ Ultimate Repair™** Shampoo & Conditioner.
2. Gently squeeze excess water from hair with a towel, avoid vigorously rubbing hair to minimize further hair breakage and damage.
3. Shake before usage. Spray into towel-dried or dry hair after washing. **LEAVE IN.**
4. Comb through hair with a wide tooth comb to ensure even saturation, best protection and enriched nourishment.
5. Blow dry or style as usual. Use regularly.

## SHAMPOO & CONDITIONER

### WHAT DRY, STRESSED HAIR NEEDS

Daily stress can dry out your hair until it reaches a breaking point. It needs deep repair from the inside and surface reconstruction from the outside.

### GLISS™ ULTRA<sup>+</sup> MOISTURE™

1. Up to 85% less hair breakage\*
2. Intense hydration
3. Ultra moisturized hair with healthy-looking shine

\*vs untreated

### THE HAIR REPAIR SOLUTION WITH KERATIN CARE-19 COMPLEX

This formula contains a special complex with 19 INGREDIENTS and deeply repairs your hair for soft, healthy-looking hair and significantly less hair breakage.

### DIRECTIONS:

1. Shampoo hair using **GLISS™ Ultra<sup>+</sup> Moisture™** Shampoo.
2. Gently squeeze excess water from your hair starting at the top of your head and working through to the ends.

**Schwarzkopf Stylist Tip:** Your hair behaves like a sponge, if you squeeze the excess water from your hair prior to applying conditioner, your hair will better absorb the nutrients from the conditioner.

3. Depending on the length of the hair, use a dime to quarter size amount of conditioner in the palm of your hand.
4. Gently massage onto the scalp working it through to the ends.
5. For best results, comb through the hair for even saturation. This will improve the conditioning effect and detangling.

## SHAMPOO & CONDITIONER

### WHAT COLOURED OR HIGHLIGHTED HAIR NEEDS

Through frequent hair-washing, coloured, tinted or highlighted hair loses its colour. It needs special protection to retain its intense colour and luminance. GLISS™ Color Guard™ Shampoo & Conditioner – specially developed for coloured or highlighted hair:

### GLISS™ COLOR GUARD™

1. Colour protection up to 12 weeks
2. Anti-fading
3. UVA/UVB filter

### THE COLOR CARE SOLUTION WITH COLOR PROTECTION SYSTEM

This formula with COLOR PROTECTION SYSTEM and UV filter; helps seal colour from washing out for optimal colour retention and beautiful luminance.

### DIRECTIONS:

1. Shampoo hair using **GLISS™ Color Guard™** Shampoo.
2. Gently squeeze excess water from your hair starting at the top of your head and working through to the ends.  
**Schwarzkopf Stylist Tip:** Your hair behaves like a sponge, if you squeeze the excess water from your hair prior to applying conditioner, your hair will better absorb the nutrients from the conditioner.
3. Depending on the length of the hair, use a dime to quarter size amount of conditioner in the palm of your hand.

## SHAMPOO & CONDITIONER

### WHAT LONGER HAIR, PRONE TO SPLIT ENDS NEEDS

Long hair brushes against your shoulders or back leaving it weak: often breaking it. To keep hair soft and healthy-looking it needs intense care that deeply restores from length to tip.

### GLISS™ OIL NUTRITIVE™

1. Up to 90% fewer split-ends\*
2. Deep repair without weighing down hair
3. Touchably soft and shiny hair

\*Using GLISS™ OIL NUTRITIVE™ Shampoo & Conditioner

### THE HAIR REPAIR WITH 8 BEAUTY-OILS & KERATIN

This non-greasy formula with 8 BEAUTY OILS & KERATIN not only nourishes the hair, but also deeply repairs stressed hair structure, for fewer split ends.

### DIRECTIONS:

1. Shampoo hair using **GLISS™ Oil Nutritive™** Shampoo.
2. Gently squeeze excess water from your hair starting at the top of your head and working through to the ends.  
**Schwarzkopf Stylist Tip:** Your hair behaves like a sponge, if you squeeze the excess water from your hair prior to applying conditioner, your hair will better absorb the nutrients from the conditioner.
3. Depending on the length of the hair, use a dime to quarter size amount of conditioner in the palm of your hand.
4. Gently massage onto the scalp working it through to the ends.
5. For best results, comb through the hair for even saturation. This will improve the conditioning effect and detangling.
6. Rinse hair thoroughly until all conditioner is removed.

### Schwarzkopf Stylist Tip:

- Rinse with cool water to close the cuticle locking in the caring ingredients provided by this sublime repair conditioner.

## WEIGHTLESS OIL

### WHAT LONGER HAIR, PRONE TO SPLIT ENDS NEEDS

Long hair brushes against your shoulders or back leaving it weak: often breaking it. To keep hair soft and healthy-looking it needs intense care that deeply restores from length to tip.

### GLISS™ OIL NUTRITIVE™

1. Weightless nourishment
2. Light-as-a feather hair frizz-fighting
3. No residue

### THE HAIR REPAIR WITH 8 BEAUTY-OILS & KERATIN

This non-greasy formula with 8 BEAUTY OILS & KERATIN not only nourishes the hair, but also deeply repairs stressed hair structure, for fewer split ends.

### DIRECTIONS:

1. Shampoo and condition hair using **GLISS™ OIL NUTRITIVE™** Shampoo & Conditioner.
2. Shampoo and spray as leave-in on wet or towel-dried hair for weightless care without greasiness.
3. Use as beauty finish on dry hair. For an extra nourishing effect use overnight. Spray sparingly on the middle lengths and tips of the hair.

# GLISS™ Extra Volume

## SHAMPOO & CONDITIONER

### WHAT FLAT, LIFELESS HAIR NEEDS

Fine hair lacks natural density, which leaves it flat. To get natural volume and bounce you need weightless care that can lift hair from root to tip.

### GLISS™ EXTRA VOLUME

1. Visible and long-lasting volume
2. Strength and bounce
3. Lightweight fullness

### THE REPAIR SOLUTION WITH COLLAGEN COMPLEX

This formula with COLLAGEN COMPLEX repairs inner hair damage and lifts the hair from the roots for long-lasting volume, without weighing it down.

### DIRECTIONS:

1. Shampoo hair using **GLISS™ Extra Volume Shampoo**.
2. Gently squeeze excess water from your hair starting at the top of your head and working through to the ends.  
**Schwarzkopf Stylist Tip:** Your hair behaves like a sponge, if you squeeze the excess water from your hair prior to applying conditioner, your hair will better absorb the nutrients from the conditioner.
3. Depending on the length of the hair, use a dime to quarter size amount of conditioner in the palm of your hand.
4. Gently massage onto the scalp working it through to the ends.
5. For best results, comb through the hair for even saturation. This will improve the conditioning effect and detangling.
