Legal research, practice tools and analytics.

News and analysis

Stay ahead of developments and fully understand the implications for clients and their industries with practice area analysis from **Bloomberg BNA Law Reports**, expert guidance from portfolios and treatises, and books from major legal publishers like the Practising Law Institute (PLI).

Tap into the knowledge of expert practitioners with featured deep-dive analysis and practice tools, such as checklists, sample client letters, forms and other supporting material, on a wide range of key legal topics. By using unmatched industry expertise from practicing attorneys, you'll be able to provide proactive counsel with complete, nuanced understanding.

Business development solutions

Discover strategic opportunities, backed by the business and market expertise of Bloomberg, to build deeper relationships with existing clients, win new business for your firm or stay on top of the issues facing your company. Start with our exclusive **Business Intelligence Center**, which helps you identify and target new business possibilities.

Move forward in your business research through customizable news monitors that stay on top of the buzz, as well as a **Company Screener** to research companies based on financial criteria you select.

Litigation solutions

Access the case information you need and explore developments as they happen with powerful, exclusive search technology.

Learn whether your case is good law using *BCiteSM*, our integrated case citator. Review the case analysis and see how the case is discussed in court opinions. Take statutory Case Analysis to the next level with *Bloomberg Law's Smart CodeSM*. *Smart Code* uses machine learning to identify sections of court opinions that make reference.

Bloomberg Law Litigation Analytics enables you to search millions of legal data points by company, law firm or judge to better advise clients, predict possible

outcomes and inform your litigation strategy. *Litigation Analytics* is built on a foundation of Bloomberg's company information as well as legal data including *Bloomberg Law's* comprehensive dockets and case law collections across all practice areas.

Bloomberg Law dockets helps your entire firm profit from the flexibility to do more. With speed of delivery significantly faster than the competition, you'll find the dockets affecting your clients and their businesses quicker than anyone else. Plus, you'll get unlimited searching and alerts of the dockets and the underlying documents—such as complaints, briefs, and orders—all loaded on *Bloomberg Law*.
