

# about tana greene

**At 17, Tana wrote a goal on a piece of paper: own my own business by age 30.** She spent the next 12 years defining what that business was going to be, but her purpose was clear: she wanted to help people. In 1988, Tana co-founded the Greene Group, a national staffing company that grew to operate in more than 20 states. With over 30-plus years driving worker optimization, Tana saw first-hand the changing needs of the hourly workforce model. In 2017, she guided the company's transformation to become MyWorkChoice—the first-to-market solution that bridges the gap between technology, human resource management, and hourly staffing. She's known among clients as the “go to” resource to make yourself the most desirable hourly employer in town.
