Experience stunning visuals anywhere you go

Designed with ultimate portability and convenience in mind, the LG CineBeam HD LED projector delivers a large screen for a cinematic viewing experience anywhere. It's compact size means you can tuck it in your briefcase or handbag.

Ultimate Portability and Easy Usability

- The LG CineBeam HD LED Projector provides 720p high-definition clarity and stunning visuals with its 100-inch screen display.
- At just 5-inches, it fits in your hand and weighs just over one pound, making it easy to bring with you anywhere – be it the backyard or beyond.
- The built-in battery provides up to 2 hours of viewing pleasure
- Project your favourite content through smartphone mirroring or Bluetooth sound for wireless connectivity or simply plug in a USB memory storage device
- The the light source will last up to 30,000 hours – that's like playing 8 hours of videos every day for 10 years.
