

Decora Smart® No-Neutral Switch, Dimmer and Wi-Fi® Bridge

For homes that may not have a neutral wire in the switch wallbox, Leviton's Decora Smart No-Neutral Switch and No-Neutral Dimmer work with the easy-to-install Decora Smart Wi-Fi Bridge to seamlessly integrate smart lighting capabilities into older homes.

Leviton's New Decora Smart No-Neutral Switch, Dimmer and Wi-Fi® Bridge

- Pairing a Decora Smart No-Neutral Dimmer or No-Neutral Switch with the required Wi-Fi Bridge makes it easy to install smart lighting control in homes without neutral wiring in the electrical wallbox
- The No-Neutral product line supports schedules, custom lighting scenes, rooms and grouping, vacation mode, auto shutoff, and works with Leviton's [Decora Smart Anywhere Companions](#) for wireless 3-way/multi-location applications
- The No-Neutral Dimmer features best-in-class full-range dimming performance with custom settings in the My Leviton app for preset lighting levels, fade rates, bulb types and more, as well as an "Off Means Off" feature that ensures low-wattage LED bulbs always turn completely off
- The Decora Smart Wi-Fi Bridge is simple to install, and its small form factor means users can plug it directly into a wall outlet without taking up space on a desk or counter. No ethernet cable is required
- One Wi-Fi Bridge supports up to 25 devices with 2,500 sq. ft. coverage. For larger homes, more than one bridge can be installed to increase coverage

Part of the Decora Smart & My Leviton Product Portfolio

The Decora Smart No-Neutral Switch, No-Neutral Dimmer, and Wi-Fi Bridge are part of Leviton's award-winning Decora Smart Wi-Fi product line that gives homeowners control over their connected devices from anywhere, at any time. Through seamless integration with the My Leviton App, users are able to create a whole home Wi-Fi lighting experience by combining devices, creating room scenes, customizing lighting settings such as fade rates, and enjoying convenient remote control of devices and activities; all with no hub required. Homeowners can also pair their Decora Smart Wi-Fi devices with voice assistant devices, including Amazon Alexa®, Hey Google™, Apple HomeKit™/Siri®, IFTTT, SmartThings™ and Schlage for even more convenient control of their lights, ceiling fans, small appliances, locks and more.
