

## Decora Smart® Wi-Fi® 2nd Gen Tamper-Resistant Outlet

*An affordable, slim solution that's easy to install and works with HomeKit™/Siri®, Amazon Alexa, and Google Assistant, the Decora Smart Wi-Fi 2nd Gen Tamper-Resistant Outlet offers enhanced features, color options, and wire-free switch control with Decora Smart Anywhere Companions.*

*Leviton's New Decora Smart Wi-Fi  
2nd Gen Tamper-Resistant Outlet and  
the My Leviton App*

- ON/OFF control of general-purpose plug loads up to 15 amps including plug-in lamps, holiday lighting, electronics, and small appliances
- Compatible with [Leviton's Wire-Free Anywhere Switch Companion](#), enabling users to control anything plugged into the outlet via a wall-mountable wire-free switch (such as a floor lamp)
- Provides a permanently installed solution for wireless plug load control in new construction or retrofit applications
- Reduced product depth of 1.3" makes installation easier
- Safe and tamper resistant: built-in shutters prevent insertion of unintended foreign objects
- Compatible with [Decora Smart Outlet Color Change Kits](#)

## Part of the Decora Smart & My Leviton Product Portfolio

The Decora Smart Wi-Fi 2nd Gen Tamper-Resistant Outlet is part of Leviton's award-winning Decora Smart Wi-Fi product line that gives homeowners control over their connected devices from anywhere, at any time. Through seamless integration with the My Leviton App, users are able to create a whole home Wi-Fi lighting experience by combining devices, creating room scenes, and enjoying convenient remote control of devices and activities. Homeowners can also pair their Decora Smart Wi-Fi devices with voice assistant devices, including Amazon Alexa™, Hey Google™, and Apple HomeKit™/Siri®, IFTTT, SmartThings™ and Schlage for even more convenient control of their lights, ceiling fans, small appliances, locks, and more.
