

New KOHLER Occasion Faucet Collection Nods to Hollywood Glamour

KOHLER, Wisconsin, USA – June 7, 2022 – Kohler, a global leader in the innovation and manufacture of kitchen and bath products, takes the stage through its new Occasion bathroom faucet collection, boasting charm and elegance.

The KOHLER Occasion faucet collection was inspired by the high fashion and effortless glamour of the Golden Age of Hollywood. The flawless design draws the eye from the chamfered edges to the subtle flare of the base. Just like the era that inspired it, the Occasion collection is always graceful, ever refined, and fashioned to be the center of attention. The perfect balance between facets, angles, and edges invites an interplay of light that catches the eye and sets this collection apart from any other.

The attention to detail is carried throughout each piece within the collection and offers a balance between intricacy and subtlety. The pieces provide a stylish finishing touch that leave a lasting impression. The transitional design elements of Occasion allow the faucets to blend seamlessly into a variety of bathroom aesthetics, and the cohesive style of the collection marries the pieces across the sink, showering and bathing areas.

Occasion is a globally available bathroom faucet collection featuring a variety of lavatory faucets, along with bathing, showering, and accessories. The collection design and finishes make gracious statement pieces in the bathroom space.
