

VIDEO SEEDING

With video seeding we guarantee the ordered number of YouTube views for the YouTube video of your choice. Using targeting information that draws from geographic, time of day, e-commerce and other cookie data, our vendor's unique platform automatically recommends the best video placements and the right time to serve them, making sure the best ads are served to the right audiences.

- Drives user-initiated views towards your YouTube View Counter on your account.
- Placement on premium websites.
- Social sharing via Facebook, Twitter, LinkedIn, & more!

REQUIREMENTS
