

FAST FACTS & SOCIAL MEDIA TOOLKIT

DID YOU KNOW?

Each year, our Camp Invention® program hosts National Inventors Hall of Fame® Inductees.

Here are a few big names:

Robert Bryant

Inventor of LaRC-SI
(Langley Research Center-
Soluble Imide)

Barney Graham

Inventor of Structure-Based
Vaccine Design

Frances Ligler

Inventor of Portable Optical
Biosensors

Jacqueline Quinn

Inventor of EZVI (Emulsified
Zero-Valent Iron)

**“CURIOSITY AND EXPLORATION
ARE THE ESSENTIAL STARTING POINTS OF
INNOVATION. WE HAVE TO CULTIVATE THAT IN
OURSELVES, AND IN YOUNG CHILDREN, BECAUSE
THAT’S WHERE IT STARTS.”**

— Sumita Mitra, National Inventors Hall of Fame Inductee
and inventor of Nanocomposite Dental Materials

CAMP INVENTION OVERVIEW

The Camp Invention program is the only nationally recognized, nonprofit summer enrichment program for rising K-6 students that is inspired by the brightest thinkers around — the Inductees of the National Inventors Hall of Fame. Children are empowered to have big ideas while they take on challenges that inspire them to question, brainstorm, collaborate with teammates and build amazing invention prototypes!

Spark, Camp Invention’s 2026 program, ignites excitement and inspiration as children engage in hands-on challenges, discover world-changing Inductees, and build their confidence as creators and innovators.

SPACE MORPHERS™

Kids build a DIY rocket and launch an epic mission to transform a new planet's atmosphere, terrain and ecosystem.

MAKE WAVES™

Campers ride the waves of entrepreneurship and invention, where they create prototypes, pitch their innovative products and build a billboard boat.

FUR-ENSICS™

Kids sharpen their animal detective skills as they investigate a trail of footprints, collect bits of fur and examine suspicious splatters before analyzing evidence.

THE INFRINGERS™

Campers use their invention superpowers to miniaturize top-secret innovations, safeguard their designs and protect their intellectual property.

NATIONAL INVENTORS HALL OF FAME

The National Inventors Hall of Fame was founded in 1973 in partnership with the United States Patent and Trademark Office to honor the individuals who conceived, patented and advanced the greatest technological achievements of our nation. Since then, the organization has evolved to be the nation's leading nonprofit providing invention education programs, competitions and events. We believe our role as a Hall of Fame is to not only honor the individuals whose inventions have made the world a better place, but also to ensure American ingenuity continues to thrive in the hands of coming generations. This belief is what drives our mission to recognize inventors, promote creativity, and advance the spirit of innovation and entrepreneurship.
