

HOW TO PACK THE Perfect Cruise SUITCASE

CLIK

Remember the Essentials

Think about what items you use every day and pack those first: clothing, under garments, toiletries, etc.

SHIP TIP:

Pack toiletries in clear plastic bags to save time at TSA.

Don't Forget the Extras

Check your itinerary and plan for what you'll need without packing excess items.

What excursions are you partaking in? Any formal dinners planned? Be sure to pack accordingly, under garments,

SHIP TIP:

Bring along a multi-plug device for your devices.

SHIP TIP:

Channel your inner artist. Come prepared for onboard creativity with a journal or sketchpad.

Shop Onboard

Forget something at home? Shop on ship! From name brand beauty products to specialty jewelers, cruisers can find almost anything they need onboard a cruise.

Consider the Elements

Check the weather at sea and in your select destinations and pack accordingly. Plan to wear layers so you can adjust your wardrobe according to changes in temperature on the open water.

Cut the Clutter

Leave bulky bags and unnecessary wardrobe items at home to save space. Use a cross body bag or money belt and pack on wardrobe essentials that work in multiple outfits.

SHIP TIP:

Color coordinate! Pack neutral bottoms that pair well with a variety of tops to help save room.
