Cache Collection
Fala Pango Collection
Harbor Ford Collection

Step 3

Choose Your Options

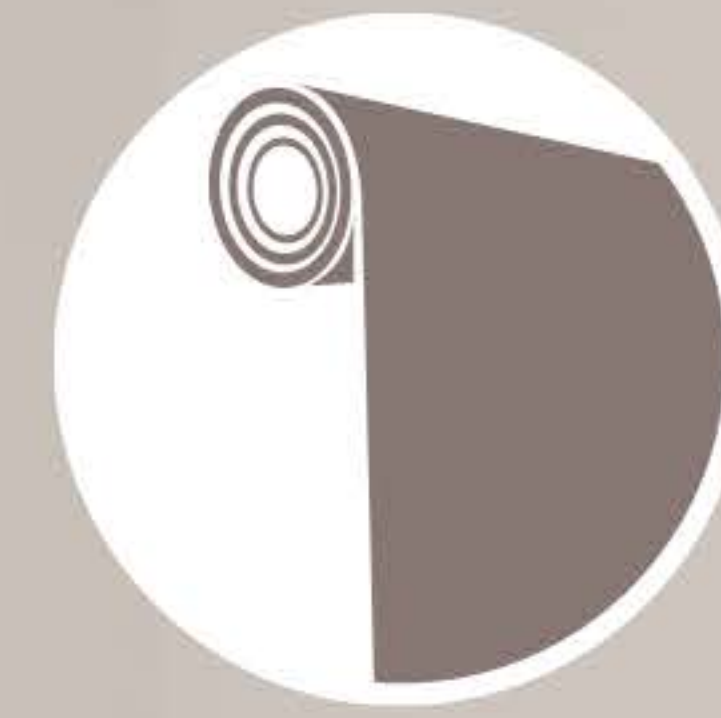

Safety (Certified Best For Kids)
Light and Operation Control
Decoration

STEP 1 CHOOSE YOUR SHADE TYPE

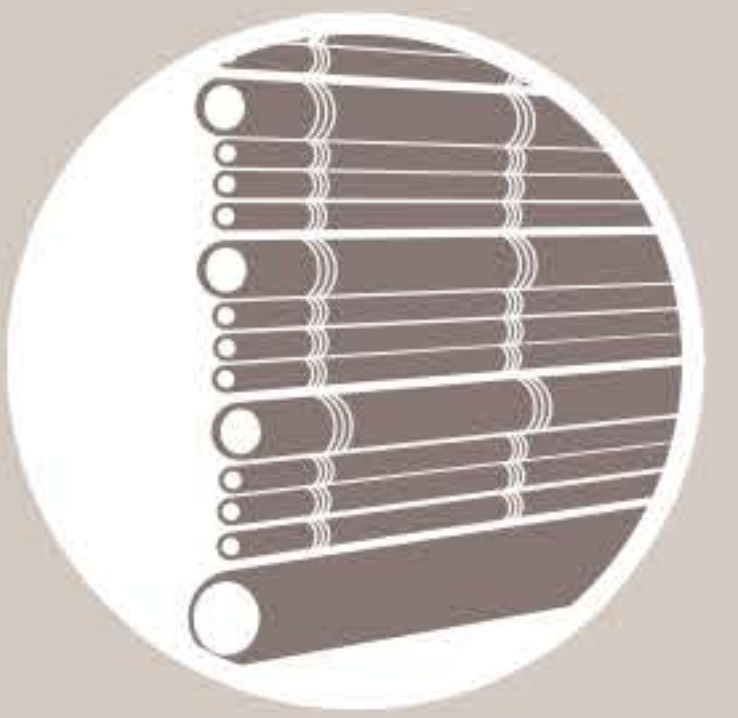

ROMAN

ROLLER

PANEL TRACK

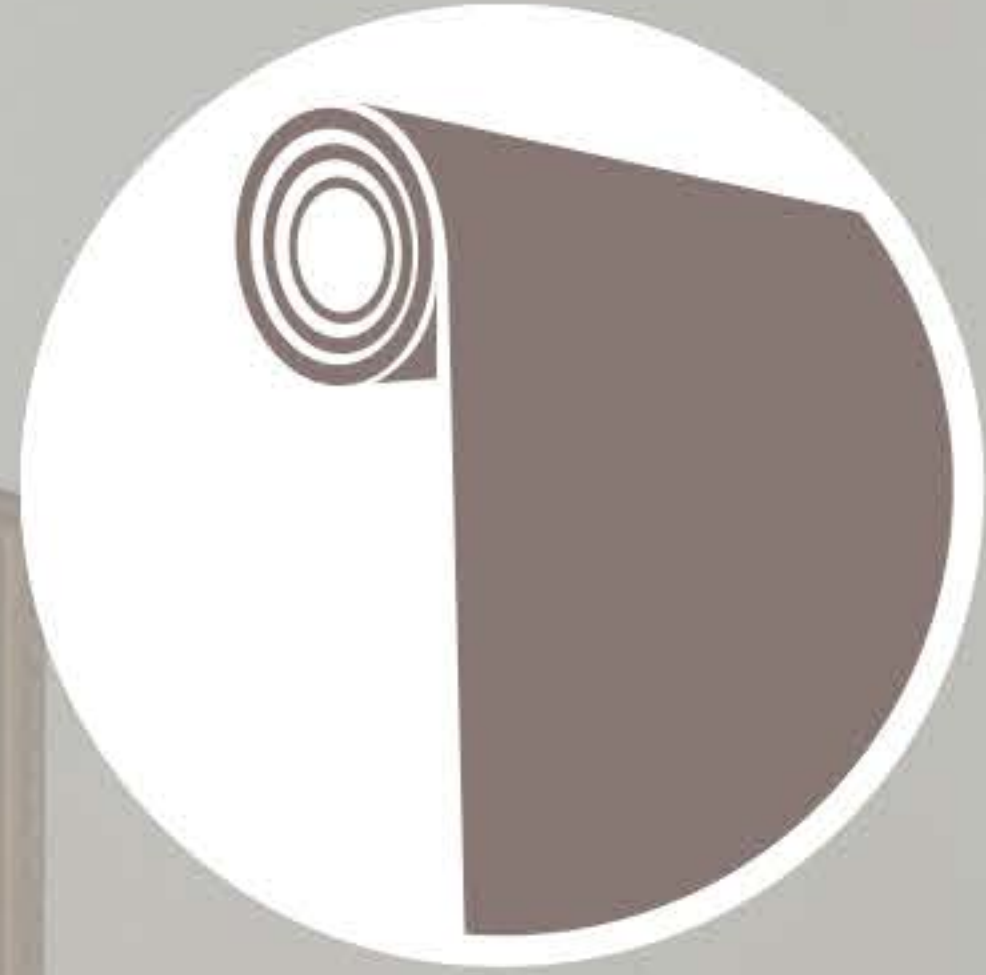

NATURAL

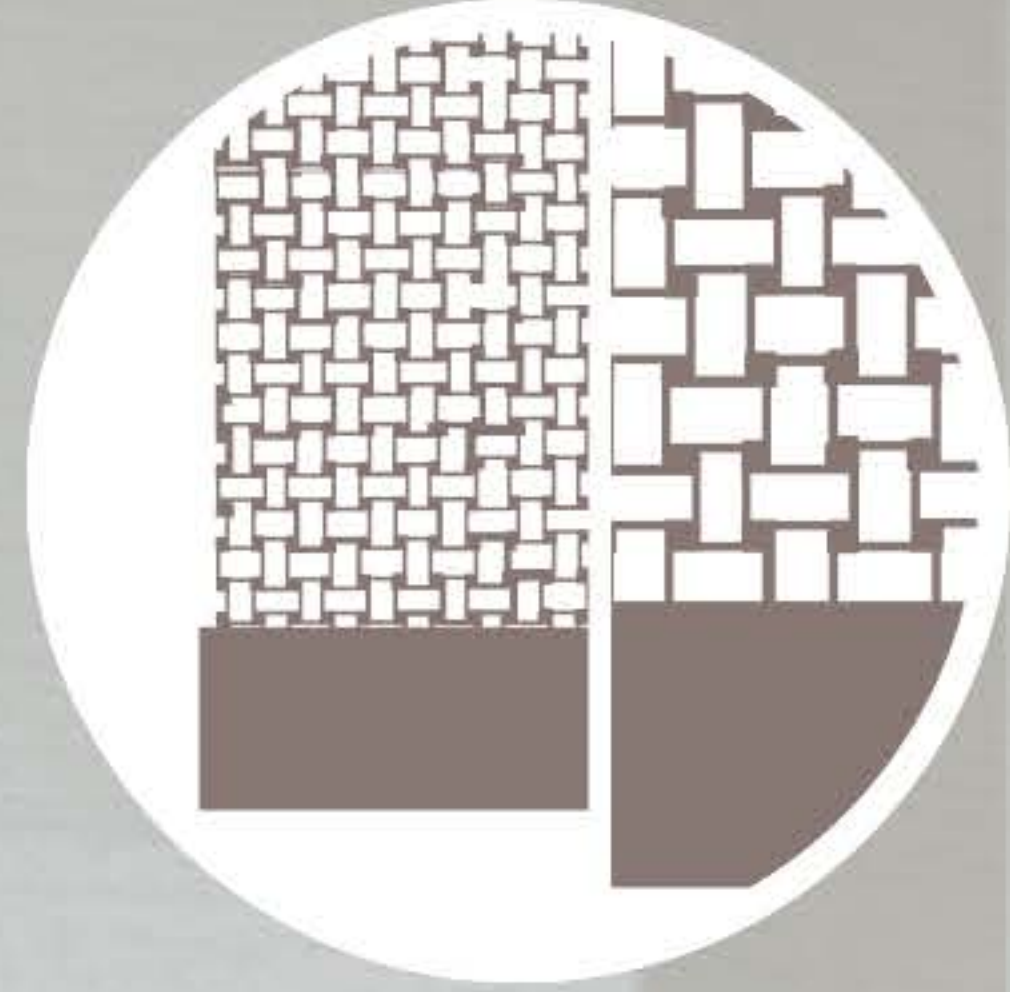

Soft folds of beautiful fabrics add tailored elegance to windows with **Custom Roman Shades**. Choose sleek and clean Flat Roman or richly folded Hobbled Roman.

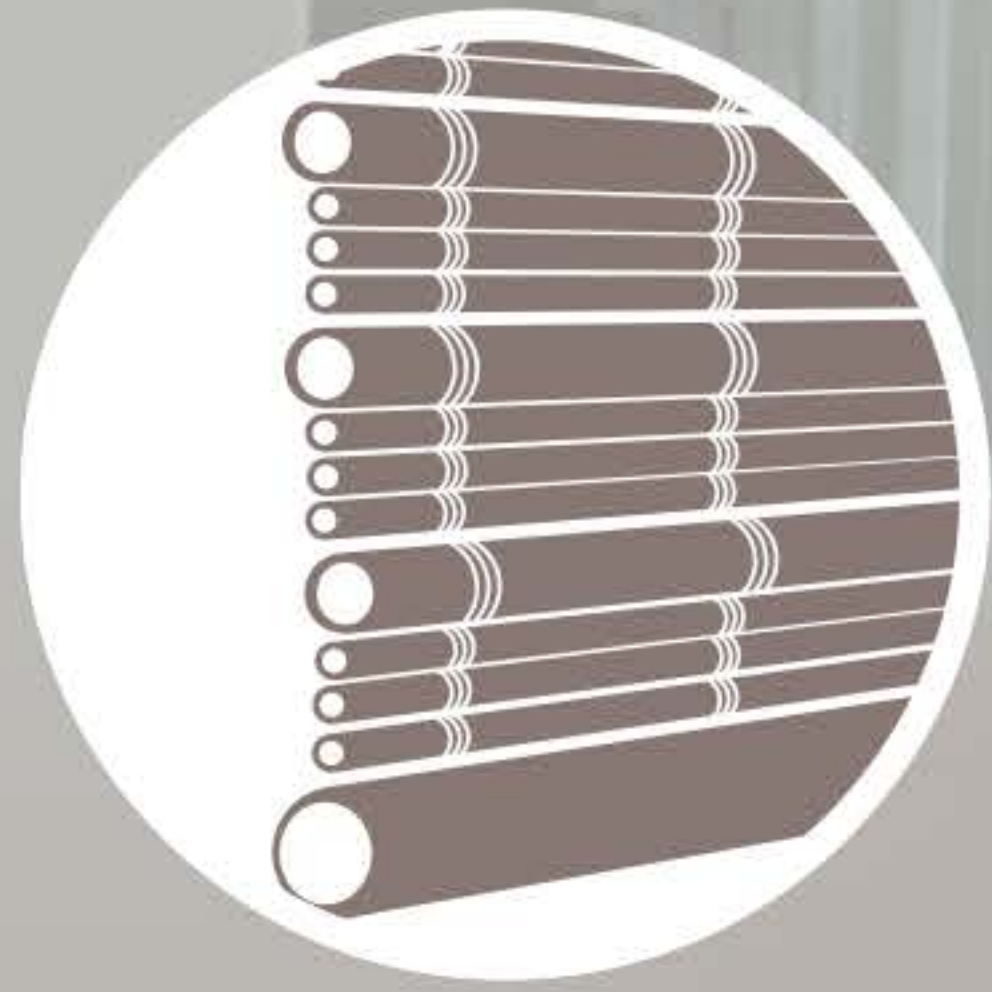

Custom Roller Shades offer a classic, clean look in a range of decorator fabrics in solids, patterns, and textures. Add a decorative hem or colored trim for extra personality.

Custom Panel Track Shades are sliding fabric panels that give easy access to sliding doors and large windows. They can also be mounted on the ceiling to serve as a room divider.

Combining textured fabrics woven with natural elements such as bamboo, jute, reeds, and grass, **Custom Natural Shades** look beautiful from modern spaces to traditional rooms.

Over 200 unique fabrics, colors, patterns, and textures help create a perfect look for any window.

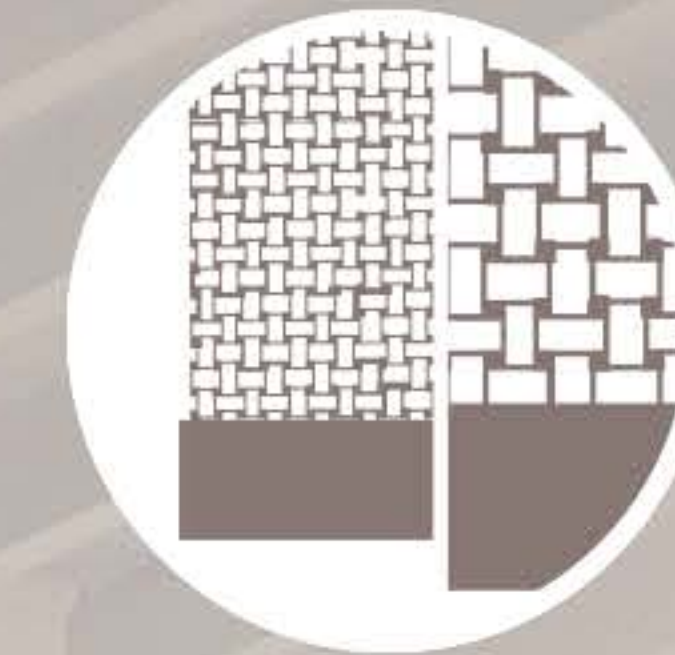

New collections featured include **Watercolor, Olive Leaves, Aerial, Cache, Fala Pango, and Harbor Ford.**

LEVOLOR®

STEP 3
CHOOSE YOUR **OPTIONS**

Choose options to achieve your
individual style.

LEVOLOR[®]

OPTIONS SAFETY

CORDLESS
(Safer for children and pets)

LEVOLOR is pleased to participate in the **BEST FOR KIDS** certification program.

This program, sponsored by the Window Covering Manufacturers Association, will identify window coverings that are best suited for use in homes with young children.

LEVOLOR and others in the window coverings industry recommend cordless blinds and shades for homes with young children.

Now it will be easy to find and shop for eligible products - just look for the **BEST FOR KIDS** seal.
