

STEARNS & FOSTER®

Stearns & Foster® Information Sheet June 20, 2016

2016 Evolving Design and Enhanced Aesthetics

The Stearns & Foster® Estate, Lux Estate, Lux Estate Hybrid and new Reserve Collection meet the highest bar for luxury mattresses. New upgrades to the Stearns & Foster 2016 portfolio, including the Reserve Collection, offer four exclusive features:

- **IntelliCoil® Advanced:** Exclusive coil design that better adapts to the size, shape and weight of any body for the perfect level of support.
- **PrecisionEdge™ System:** High-density border surrounding the mattress for better edge support, more usable sleeping surface and improved durability.
- **PrimaCool™ Performance Fabric:** High-loft, double stretch-knit fabric made with TENCEL®, an eco-friendly fiber known for its moisture-wicking, breathable properties.
- **Advanced Adapt™ Foam:** Proprietary new memory foam that combines conforming comfort with ease of movement and superior durability.

In addition, the Lux Estate & Lux Hybrid Collection added hand-tufting for increased responsiveness and durability, as well as an innovative Pillowtop Support™ layer for plush, adaptive comfort. The tufting works with the pillowtop cover to deliver a superior feel with conforming support for years of “no-sag” comfort.

The Reserve Collection – which offers firm, cushion firm and plush mattress options – features PrimaCool™ Performance Fabric, IntelliCoil 2.0 Encased Coils, Precision Edge™ System, Advanced Adapt Foam™, Ultra Stretch Pillowtop Support™ Layer (in select models) and precise hand tufting.

Stearns & Foster’s Redesigned Bedding Collections At-A-Glance

- **Reserve Collection:** More than just the top-of-the-line Stearns & Foster, the Reserve Collection is the ultimate mattress. With features that cannot be found anywhere else – such as the exclusive hybrid pillowtop – Reserve delivers exceptional comfort, adaptability and support like no other bed.
- **Lux Estate Hybrid:** With the indulgent comfort of our exclusive advanced memory foam and the durable support of innovative innersprings, the Lux Estate Hybrid Collection is the perfect combination – and the only hybrid to earn the Stearns & Foster name.
- **Lux Estate Collection:** The next level in Stearns & Foster quality and features, the Lux Estate Collection adds hand-tufting for increased responsiveness and durability, as well as the innovative Pillowtop Support™ layer for plush, adaptive comfort.
- **Estate Collection:** The Stearns & Foster Estate Collection sets a high bar for a luxury mattress. At its core is the exclusive IntelliCoil® Advanced encased coils, with an innovative design that adapts to one’s body shape and movement to deliver the perfect level of support.
