OFF ROAD WHEELS

CORI ANDREWS

Cori Andrews, sponsored by Hostile Wheels, entered 2016 knowing that the journey she was about to embark on would be an uphill battle with little to no rest along the way. Cori would climb into her 900hp 410 cubic inch methanol burning World of Outlaw wing sprint car for the first time at Perris Auto Speedway to turn some practice laps in March of 2016. Cori quickly got up to speed on the familiar dirt oval after winning there in her Lightning Sprint and having hundreds of laps around the oval under her belt. Then it was time to enter her first competitive event at Silver Dollar Speedway in Chico California with the King of the West sprint car series. Cori managed to run all of the laps and gain valuable experience at each and every race entered in 2016. Cori traveled all over California running races at Silver Dollar Speedway, Thunderbowl Speedway (Tulare Ca), Stockton Speedway & King Speedway (Hanford Ca).

The highlight of the year came on Sept. 9th when Cori was able to run with the famed World of Outlaws on her 18th Birthday. This race is the biggest 410 sprint car race in California known as the Gold Cup race of Champions. Cori spent her birthday competing with the best sprint car drivers in the world! Cori has the attitude that success is like a ladder and you build it one step at a time, no matter how close the steps are together. As 2016 comes to a close Cori is focused on her physical training and strengthening her racing program to make 2017 a great season.
