

# SINGLE BATCH IRISH CREAM LIQUEUR

## EXCLUSIVELY SOURCED AND PRODUCED IN COUNTY CORK, IRELAND

Introducing Five Farms, the world's first super premium Irish Cream Liqueur. County Cork is Ireland's largest and southernmost county, where the mild climate and abundant rainfall produce lush pastures of vibrant green grass for grazing cattle. The dairy cream in Five Farms is produced in single batches from five family-owned farms in this region, resulting in rich dairy cream of the highest quality and consistency. The cream is then expertly blended with triple-distilled Irish Whiskey, which has a smoothness and complexity that add depth to the sweetness of the cream. The spirit content of a typical Irish Cream Liqueur contains less than 1% Irish Whiskey. The spirit content of Five Farms contains 10% Irish Whiskey, creating an intensity of whiskey flavor and warmth that is truly one of a kind.
