

# LYTX VIDEO PLATFORM

## THE FACTS YOUR FLEET NEEDS IN MINUTES

Faster answers help protect your fleet—and your bottom line. Get instant access to continual video when it matters most, along with features to help you find and save the video you need—quickly and easily. See what happens in and around your fleet with the Lytx Video Platform.

- ✔ Help protect your drivers and business with video—the fastest way to the truth
- ✔ Get the video you need, anywhere you're connected, in minutes\*
- ✔ Built on over 20 years of innovation in fleet technology, safety, and efficiency

### A FLEXIBLE FOUNDATION

As the gateway to your Lytx account, program, services, and data, our Lytx Video Platform is designed to scale efficiently with your needs. Configure features and customize options as your business changes and grows.

### MOBILE-FRIENDLY ACCESS VIA YOUR LYTX ACCOUNT

Log in to access video on your computer, tablet, or smartphone—anywhere you're online.

- Work anywhere on almost any internet-connected device
- View continual video or live stream\*
- Manage drivers, vehicles, account settings, and admin functions

### DRIVEN BY LYTX DRIVECAM® EVENT RECORDERS

More intelligent than a dash cam. Powered by built-in machine vision and artificial intelligence [MV+AI] these state-of-the-art devices help distinguish normal driving from risky behaviors to capture risk on the road when paired with our Risk Detection Service or Driver Safety Program.

### READY TO LEARN MORE?

Contact your Lytx representative at 866.363.3793 or [geotab@lytx.com](mailto:geotab@lytx.com).

\*Video access requires cellular connectivity

### VISIBILITY FOR A SAFER, MORE EFFICIENT FLEET

Need to know exactly what happens in and around your vehicles? With the Lytx Video Platform, you'll have immediate access to the video you need.\*

### FIND WHAT YOU NEED, SAVE THE VIDEO YOU WANT

Use the intuitive timeline and "search-and-find" technology to easily pinpoint the moment you're looking for. Then, transfer a clip to the Video Library or download to keep as long as you want.

- Can capture ~100 driving hours of continual video, and can be configured to record even when the vehicle ignition is shut off
- Search by time and date, location, or triggered events
- Select clip lengths of up to 20 minutes

### CONTINUAL VIDEO FOR EXCEPTIONAL VISIBILITY

See a clearer picture of activity near your vehicles with video from up to six views.

- Supports road view from up to four auxiliary cameras
- Configuration options include continually recorded video from road and inside views
- Uncover the crucial context around critical moments

### FEATURES DESIGNED FOR YOUR PEACE OF MIND

Rest assured with 24/7 phone support and more ways to collect video evidence in case something happens.

- Search for vehicles by location to find video of interest
- Driver tagging sends video for review in minutes
- Access video anytime you're connected—even from off-duty vehicles

### HOW DOES THIS SOLUTION HELP ME?

#### EVALUATE CRITICAL DETAILS

Understand what really happened during a collision or incident. With video, you can review the facts to assess risks, procedures, and safety concerns.

#### VERIFY THE TRUTH

Confirm service, workers comp claims, and policy compliance, plus accurately charge for work completed. Help prove your side of the story to reduce costly claims, potentially exonerate drivers, and protect your business.

#### DISCOVER NEW OPPORTUNITIES

Look over footage and spot areas where your fleet can improve productivity and customer satisfaction.
