

DEVELOP YOUR DREAM TEAM

WORK & LEARN

Training and educational benefits can help you build the skills of current, high potential employees, while also aiding in recruiting of new talent. Offer tuition benefits with a scholarship from Escoffier for employees who apply and qualify.

- ✓ Sign up to be a Work & Learn partner
- ✓ Provide your employees with access to an Escoffier scholarship to earn their degree or diploma as they work
- ✓ We can help you attract Escoffier students and grads who are seeking Work & Learn opportunities

What makes Work & Learn unique is that you can take an industrial setting and that formal education and really marry the two. That's the best benefit for the employer, the employee, and the consumer.
