Elekta Unity

Two worlds, one future.

1. User-centered design
2. Patient-focused environment
3. RT optimized coil
4. Uncompromised MR visualization
5. Novel slip ring design for seamless integration
6. High-speed beam shaping
7. Precision beam generation
8. Seamless setup
9. Integrated treatment session management
10. Real-time high-field MR imaging
11. Responsive workflows like never before
12. Unique particle transport algorithm
